Trios® Health
A UW Medicine Community Health Partner™

Trios Health Internal Medicine

- First teaching hospital in the Tri-Cities area and is committed to providing quality residency training
- Committed to producing highly capable, board-certified physicians, dedicated to providing compassionate, equitable, and competent healthcare services to diverse populations
- Preparation for fulfilling professional careers as Internal Medicine providers in inpatient and outpatient settings, as well as specialty fellowship opportunities
- Accredited by the Accreditation Council for Graduate Medical Education (ACGME)
- 36-month program that includes a variety of experiences in both inpatient and outpatient, ensuring exposure to diverse populations and diagnoses
- Our program is small and our faculty is dedicated, resulting in many rotations with one-on-one individualized training
- We are proud of our 100% board pass rate. Over 30 percent of our graduates go on to fellowship
